GUIDELINES

Craft a narrative (on 2 pages) that will answer below questions:

1. **Setting:** Where and when does your story take place? How does the setting contribute to the overall atmosphere and mood of the narrative?
2. **Conflict:** What is the central challenge or problem that your characters must face? How does this conflict drive the plot and influence character development?
3. **Theme:** What underlying messages or meanings do you want your story to convey? How do the characters and their experiences contribute to these themes?
4. **Tone and Mood:** Describe the emotional atmosphere you aim to create in your story. How do tone and mood evolve throughout the narrative, especially in key scenes?
5. **Hero:** Provide a physical description of your hero. What personality traits make them well-suited to take on the challenges they face?
6. **Villain:** Describe the physical appearance and personality traits of your villain. What motivates them to oppose the hero, and how do their actions shape the conflict?
7. **Mentor:** Share details about the mentor's physical appearance and background. How does their past experiences influence their guidance and advice to the protagonist?
8. **Relationships:** How do the characters' relationships with each other evolve throughout the story? What conflicts or alliances contribute to their overall dynamic?
9. **Beliefs and Values:** What core principles guide your characters' decision-making? How do these beliefs shape their actions and responses to the challenges they face?
10. **Backstory:** Can you provide additional details about each character's past experiences that aren't covered in their history? How do these details add depth to their personalities?
11. **Internal and External Conflicts:** What internal struggles do your characters face? How

do these conflicts intersect with external challenges, creating a complex and layered narrative?
